

Homemade Treat Recipe

Snack Triangles from canned food

1. Preheat oven to 350° degrees.
2. Spread ½ can of selected canned food onto a sheet of waxed paper.
3. Cut the flattened food into triangles, each ½ inch thick.
4. Place the triangles on a cookie sheet and bake in oven for 15 minutes.
5. Let treats cool completely before serving to your dog.

Gravy from canned food

1. Mix ½ can of canned food into a measuring cup
2. Add 1/3 Cup of water to the measuring cup
3. Stir ingredients until the mixture is combined to the consistency of gravy.

Snack cookies from dry food

1. Preheat oven to 350° degrees.
2. Using a blender, grind dry kibbles into a fine powder.
3. Transfer kibble powder to a bowl, and slowly add water to form a dough consistency.
4. Shape into cookies no more than ¼" to ½" thick (the cookies will not flatten like standard "people cookies" do).
5. Place on ungreased cookie sheet and line with parchment paper if desired.
6. Bake at 350° degrees for 30 minutes or until crispy.
7. Let treats cool completely before serving you dog.

Important!!

- All homemade treats need to be stored in a refrigerator no longer than five to seven days to maintain their freshness and prevent spoilage.
- Homemade treats should not exceed 10% of your pet's total daily food intake.
- Baking the kibble alters the nutritional characteristics of the food
- Not all canned and dry dog foods mix or cook the same, so some individual adjustments to the recipes may be needed to get the desired consistency.
